## **Attorney General Bruning Issues Statement on Health Care Legislation**

LINCOLN – Attorney General Jon Bruning today issued the following statement on the federal health care bill:

"The health care legislation passed last night by Congress violates the United States Constitution. It tramples on individual liberty and dumps on the states the burden of an unfunded mandate that taxpayers cannot afford. If the President signs this constitutionally flawed legislation, we will join with other state attorneys general to protect the liberty of our citizens and sovereignty of state governments."
